Petroleum Exploration and Reservoir Geology Program – PRH-ANP 19.1

PRH-ANP Nº 03/2022: Research Fellowship for POSTDOCTORAL RESEARCHER

The Petroleum Exploration and Reservoir Geology Program (PRH-ANP 19.1) invites applications for a Postdoctoral Research Fellow position at the Institute of Geosciences of the University of Campinas (Technical and Financial Cooperation Agreement nº 01/2018/PRH-ANP).

Job Purpose:

- ❖ Postdoctoral research fellowship for developing research on a topic of interest to the oil, natural gas and biofuels sector through a training program focused on improving research and professional skills in petroleum exploration and reservoir geology.
- ❖ Vacancy: One (1)
- ❖ Deadline for applications: from **19/09/2022 to 10/10/2022**
- ❖ Grant: **R\$6,110.00/monthly** (plus full coverage of research expenses)
- ❖ Result: 18/10/2022
- ❖ Tenure: **12 months** (extendable for 24 months, depending on performance).

Eligibility:

- (i) Bachelor degree in Geology, Geophysics or related areas;
- (ii) Ph.D. in Remote Sensing, Spectroscopy, and/or Modelling and Data Integration, and/or Geophysics (potential, seismic methods), preferably applied to petroleum studies;
- (iii) Experience/aptitude with sensor systems or geophysical instruments in laboratory and field.

Documents required for application:

- a) Registration form, available at <https://forms.gle/2N66eXB2VM431Qkq6> (on-line)
- b) Undergraduate and graduate grades
- c) Curriculum Vitae
- d) Letter of recommendation

All documents should be provided in .PDF format and sent to the following e-mail: **prh-anp@ige.unicamp.br**
